

CLEANER 2000

DEEP ALKALINE DETERGENT

- Does not contain solvents
- Effective on mineral oils
- Excellent used in scrubbing machine

Highly concentrated formula with an excellent sequestering effect specifically for oil-based grease also on microporous surfaces. Excellent used in scrubbing machine.

HOW TO USE

Dilute the product in water to the recommended concentration. With the scrubbing machine and for heavy cleaning, apply the products using the soak technique; leave to act and then vacuum. For routine cleaning, vacuum directly.

DILUTION

Maintenance: 1% - 3% (100 ml - 300 ml in 10 L of water). Heavy cleaning 4% - 10% (400 ml - 1 L in 10 L of water).
