

OXIPUR ECOPOWDER

POWDER DETERGENT FOR WASHING MACHINES

- Atomized complete powder
- Enzymatic formula with high efficiency while respecting fabrics
- Excellent results on white and coloured fabrics

Powder with atomized complete and enzymatic formula with outstanding cleaning power. Ideal for all types of dirt with excellent results on white and coloured fabrics. Thanks to the enzymatic action, it is particularly suitable for organic/protein origin dirt. Ideal for hotels, restaurants, accommodation facilities. PHOSPHATE-FREE.

? HOW TO USE

Pour the product into the washing machine reservoir. Alternatively, pour it directly into the washing machine basket before placing the laundry. Do not add chlorine-based bleach additives in order to avoid the product whitening power's neutralization. In case of stubborn dirt, we also recommend to use the Sutter stain remover additive OXIPUR STAINBUSTER.

Recommended washing temperatures and types of laundry (always check the labels on the clothes for the right washing temperature):

- **30°C:** delicate fabrics and low-resistant colours
- **40°C:** cotton, synthetic and mixed-fibre fabrics, with moderately-resistant colours
- **60°C:** normal cotton and mixed-fibre fabrics, with resistant colours

OXIPUR ECOPOWDER

DILUTION

To be dosed according to the washing cycle, water hardness and kind of dirt. Recommended dosages and temperatures allow you to save on water and energy consumption and reduce the environmental impact to a minimum. For further information please contact the Sutter Professional technician.

In case of **PREWASH**: split the recommended product dosage by 25% for the pre-wash and 75% for the washing. For example: with a dosage of 16 g/kg, use 4 g in the pre-wash phase and 12 g in the washing phase.

FEATURES

Recommended doses in g for kg of laundry:

Water hardness	Light dirt	Normal dirt	High dirt
Soft water (0°-15° fH)	10 g/kg	13 g/kg	20 g/kg
Medium water (16°-25° fH)	13 g/kg	16 g/kg	24 g/kg
Hard water (>25°fH)	16 g/kg	22 g/kg	30 g/kg

TECHNICAL DATA

ASPECT: Granular powder

COLOR: White

PERFUME: Floral

COV: 0,2%

PH	Active substance [%]	Density (g/ml)	Pressure (bar)	Viscosity (cP)	Total dry residue [%]
Sol 1%: 11,1 ± 0,5	12,5 ± 0,5
